BOOKING YOUR GROUP TOUR

01

You can contact our team
by telephone
+33 (0)5 65 33 77 37
or by email
resa@gouffre-de-padirac.com

02

Your booking request must include the following
information: your complete contact details, the date and
time of your visit, the desired language, the number of
visitors, the age of the children and the services you
have selected (tour and restaurant booking)

EDUCATIONAL TOOLS THAT YOU CAN USE

Teachers and pupils can **prepare for their visit** or get more out of it with the help of educational **tools** produced by our cultural & scientific mediation team. These look at **key topics** that are on the school syllabi:

- STUDYING THE **WATER CYCLE**
- UNDERSTANDING THE **KARST SYSTEM**
- FLORA AND FAUNA: **BIODIVERSITY** AND HOW LIFE ADAPTS TO **DIFFERENT ENVIRONMENTS**
- HISTORY OF SCIENCE, REFLECTING THE EVOLUTION OF SOCIETY

BRAND-NEW AUDIO-VISUAL CONTENT WITH "L'ESPRIT SORCIER"

In 2018, the Gouffre de Padirac **launched an educational media programme** designed to teach children and adults alike about this unusual site (**online and video material**), in collaboration with France's general science education website **L'Esprit Sorcier** (created by **Frédéric Courant**, of "**Fred & Jamy**", who together presented France's general science television programme **C'est pas sorcier**).

A TEAM OF CULTURAL & SCIENTIFIC MEDIATORS

Maybe you are interested in some specially **tailored fun, scientific content** to supplement your visit: our team of **mediators** can create **special workshops** on topics of your choice, such as how fossils are formed, karst formations, the life of Édouard-Alfred Martel, the great explorers and the water cycle.

LEARN MORE ABOUT TOPICS WITH OUR EDUCATIONAL KITS

Teachers and pupils can prepare for their visit or get more out of it with the help of educational tools based on school syllabi.
